SLEEPING BEAUTY'S INSOMIA

By: Cheyne

Once Upon A Time, in a castle lived a king who was about to go to war against a evil witch named Erina. Erina ruled the west half of Williamsburg while the king ruled the other. When the war ended , the king was found lying on a green grassland with a wound of wooden spears in his somewhat broken heart. The queen had died a few weeks ago so the parliament said on posters everywhere that whoever killed Erina will become new king or queen of Williamsburg. A man by the name of Christophis Carrol would be born at the time of the killing of the wicked Erina. A huntsman named Sargophis Gabriel would only cut the wings off the witch to ensure she wouldn't be able to harm anybody.

Sargophis took the dreadful wings back to the magnificent palace of the deceased king and queen. The parliament saw the wings and renamed the king. Sir Sagophis and his wife Lady Sirena lived in the grand castle for years and years to come by. Soon enough, Lady Sirena was in labor on the day our small child,

Christophis was the age of 16 years. Sirena had a baby girl named Maya. Maya had blonde hair like her mother and the wonder she had like her father. On the day of the welcoming to Maya, three nice pixies from Sherwood Forest were coming to give the little baby her blessings. The yellow pixie gave her the gift of happiness. The purple pixie gave her the smartness that she needed to become the new queen when she grew up. The final pixie was about to give the little princess her gift when a sudden whoosh knocked the pixie down and into the water goblet of the new king. The whoosh then turned into a shape and out came the unknown figure.

" I'm Baaaaaccccck!' screamed the figure. The baby started crying for her mother. The figure left the smoke and out poked the body of Erina. "I hope you had an invitation for me king Sargophis" said Erina. " You are not allowed to step foot on this premises if you are not a fool." said the king. "Our baby Maya was just born today and we don't want her to not even see a good memory." said the queen. "So What if I bless her with the gift of never being able to SLEEP!" said Erina as she turned to the baby to cast a spell." Noooooooo!" said the king and the queen at the same time. It was too late though because the baby started to stay awake playing with her toys as if it was still light out. Christophis was still 16 when disaster struck.

Christophis was in the same situation when he stood up to the witch who killed his father's best friend the king. Erina casted a spell on him that if he never found love when he was 18 than he would never be able to walk again. Since then he has been exploring the country for the perfect lady to wed.Maya was also aging quickly due to the spell and by the time they were the same age Christophis took a risk that could get him killed to help the princess Maya and himself.

Christophis snuck past the guards as they were drinking some ale they found in the cold room. Christophis ran up the stairs and climbed to the princess' room. The king was also dealing with some problems. Erina was hiding in the dungeon and whenever 3 guards went down there only 1 came out. The witch was killing all the guards. One Sunday afternoon, the witch came upstairs and plotted the death of the king and queen. Christophis was still hiding in the guest bedroom which no pne would enter. Erina was coming to the king's and queen's room when she heard a creak behind her. She turned around and saw nothing. She walked into the Royal's bedroom and threw a spear close to the king's head.the king brought out his knife and tried to hit the witch. However, she turned around and the king slipped. He landed on the blade of the knife which killed him. Out of nowhere, Maya came

running out of her room and ran to mom. The witch was moving close when a blade came out of her chest. She fell to the ground in pain." I'll get you for this!" yelled Erina as she took her last breath. Christophis was standing over the dead body. Maya ran to him and kissed him full on the lips. Maya then fell to sleep. " My boy, you broke the curse on our daughter and saved the kingdom from the evil wrath of the evil witch." said the queen with joy. The king Sargophis was remembered as a great king. Also, Christophis and Maya got married after the king's funeral. Then they lived happily ever after.

The End.
