

Sundew & Blue

By Andrew D.

Today I will be comparing 2 characters, Sundew and Blue from Wings of Fire. Below are 5 paragraphs: appearance, personality, actions and motives, and special abilities.

Appearance

Sundew and Blue look alike and different in a lot of ways. For instance, they both are dragons. They are different in many ways too, sundew is a leafwing, wears a vest full of pouches, and only has 2 wings, but Blue is a silkwing, wears nothing, and has 4 wings.

Personality

Sundew and Blue are both caring, but Sundew is also fierce, easily angered, loud, and not to mention demanding, rather than Blue, who is also mellow, quiet, scared of most everything, and pretty calm.

Actions & Motives

When someone is captured, Sundew and Blue both want to help and they both try, Blue getting captured and then trying to escape, rather than just breaking them out with a pre-dug tunnel, like Sundew did. Blue did what he did because the captured person was his sister, and Sundew did what she did because Blue was that person who was captured.

Special Abilities

Sundew and Blue both have powerful special abilities that they use for good and only for good. Sundew has a powerful leafspeak, the most powerful in centuries. Leafspeak is the ability to “talk” to plants and manipulate them to your every will, good or bad. Blue is a flamesilk, a very rare ability that turns that silkwing’s silk into either fire based silk or building type silk.

Sundew and Blue are alike and different in many ways, but with their differences being so powerful, it’s a miracle that they are still friends.
