

# Devin and Mirabells Similarities and Differences

By: Ayesha M.

In this writing I will be telling you how Devin and Mirabell from the Kicks are the same and different. I will be telling you about their appearance, actions, motives, personality, and what they like to do in their free time.

## Appearance

Devin wears a red headband every single day and has blonde hair. Mirabel usually has her hair out and wears loose clothes. They both have nice blond hair. But Mirabelle has a little more longer hair than Devin.

## Personality

Devin focuses on soccer a lot she is very serious about her school but is also very fun. Mirabell never focuses on school work. She barely tries unlike Devin who always tries. But they both like soccer and that's something they both take seriously. When Devin was first new to school and joined the soccer team Mirabell was very mean and insulted Devin but then they became friends, Best Friends. Mirabell was afraid that everyone was going to think that Devin was better at soccer than her. So she just insulted her. But you know how in mostly every show the bully and the victim just become friends and so that's what happened.

## Motives/

In one episode Devin and her friends help Mirabell with her school work because they care about her. Mirabell was hard to teach but Devin and her friends still did it. Mirabell thanked all her friends a lot. If Devin and her friends haven't have helped her then Mirabell's parents were about to send her to Pinewood a school that all of them hated. Pinewood was kinda strict. In Pinewood they had to wear uniforms but the school that Devin and Mirabell were in did not require uniforms. Mirabelle's parents did not send her to

Pinewood because they were happy she had friends that really cared about her.

## Actions

In the morning Devin likes to wake up around 6:00am to like just run 2 miles. While Mirabelle prefers to laze around and do nothing. One thing they both have in common is that they both love to play soccer. Another thing they both have in common is that they both like to spend time with their family.

## What they like to do in their freetime

Devin and Mirabelle both love playing soccer when their free. Devin likes to be active most of the time and when Mirabelle isn't playing soccer she is probably on her phone or sleeping. Devin also usually hangs out with her friends or play games with her family like poker.

## Conclusion

I think if these characters were both the exact same it wouldn't be fun watching the show. And just like in real life

if we all were the exact same people life would be boring, just boring.
