

Goldilocks And The Three Meerkats

(An Adaptation of Goldilocks and the Three Bears)

By Devon C.

Two months ago there was a child named Goldilocks. She was very lazy and spent all her time playing Super Mario Bros. Her mother ordered her to take a walk. So she walked into the woods. Nobody knows why she did. She could've just walked to the nearby Costco and say she took a walk. But she didn't. Why? Nobody knows. Well anyways, she walked and walked. After 15 minutes she came across a house that had video game consoles attached all over the house. She walked inside the house and realized she was very hungry. To her luck, there was three plates filled to the brim with bacon. She tried the first plate of bacon. "**Ew! This bacon is too crispy!!**", she exclaimed out loud. She tried the

second plate of bacon. "**Ew! This bacon is not crispy enough!!**", she complained. So she then proceeded to

try the third plate of bacon. "Ew! Thi- Hey wait a second this is actually delicious!", she cried. She then gobbled up all the bacon in the plate. She walked around the house and started to explore. She then found a ginormous 125 in. tv. There were three video game consoles connected to it. She powered up the tv and opened up Super Mario Bros. She tried the first console. "This console is too big!" She exclaimed. She picked up the second console. "This console is

also too big!", she whined. She picked up the last console. "This console is perfect!", she cried. Just then she accidentally dropped the console. It shattered into pieces and Goldilocks stared down at it helplessly. "Ehhh", she sighed. She walked back into the kitchen to fetch a drink. Luckily, the already were drinks in the kitchen. She tried the first drink.

"AAAAAAA!!!", She cried. "Why is this so spicy???", she exclaimed. She immediately picked up the next drink and sipped it. The 'spicyness' was gone, but it was replaced with a taste that was like rotten fish. "BLEH ASJDSAJDLAS", Goldilocks whined. She sipped the last drink. It was COMPLETE HEAVEN. Perhaps she

died at that moment, and didn't notice it. She waltzed off, upstairs. By now she had figured out the pattern so she immediately laid on the last bed. She fell asleep, snoring. At that moment three meerkats walked into

the house.

"**Someone ate some of my bacon!**", Papa meerkat growled.

"**Me too!**", Mama meerkat cried.

"**SOMEONE ATE ALL OF MY**

BACON!!", whined Baby meerkat. "**Someone used my console!**", Papa meerkat rumbled. "**Me too!**", Mama bear cried. "**SOMEONE USED MY CONSOLE AND BROKE IT!!**", whined Baby meerkat. They headed back into the kitchen. "**Someone drank my drink!**", Papa meerkat said. "**Me too!**", Mama meerkat cried. "**SOMEONE DRANK ALL MY DRINK!!**", Baby meerkat cried. They headed upstairs. "**SOMEONE IS SLEEPING IN MY BED!!**", Baby meerkat screeched. "**Me too!**", Mama bear said, "**Oh wait a minute, nevermind.**" At that moment Goldilocks woke up and caught sight of the meerkats. "**Out. Now.**", Papa bear threatened. So she did.

The End!
