Dipper Vs. Mabel

Introduction

I will be comparing and contrasting Dipper Pines, played by Jason Ritter, and Mabel Pines, played by Kristen Schaal from Gravity Falls. They are played by Kristen Schaal. I will be comparing their appearances, personalities, actions, motives, and the roles they play in the show.

Appearance

Both of Dipper have brown hair, black shoes, white socks, and some sort of head accessory. Unlike Dipper, Mabel has braces, a headband, a skirt, and her colorful sweaters. Dipper on the other hand, wears a hat, vest jacket, orange shirt, and shorts.

Personality

Both Dipper and Mabel are adventurous and friendly. For example, when they arrive at the Mystery Shack to spend the summer with Gruncle Stan, they are friendly to his workers and are not afraid to discover something new. Unlike Mabel, Dipper is more quiet and awkward. Mabel on the other hand, is more outgoing and confident. An example is when people come to shop at the Mystery Shack, Mabel is more likely to speak to them than Dipper is.

Actions and Motives

Both Dipper and Mabel both go on adventures with their friends because they want to have the best summer ever. Unlike Dipper, Mabel makes new friends because she wants to have fun. As opposed to Dipper, who explores Gravity Falls because he wants to solve a mystery.

Roles In the Show

Both Dipper and Mabel are the main protagonists of the show, they are twins that care for each other. Dipper is the detective of the show. He always looks for clues to help solve the mysteries of Gravity Falls and the Pines family. Unlike Dipper, Mabel is the crazy, sweet companion of the show. She likes to have fun and play around with her friends and pet pig, Waddles.

Conclusion

Although they are twins, Dipper and Mabel have quite a few differences. They have different opinions on some topics, but agree on some too. But still, Dipper and Mabel are the best characters of Gravity Falls to compare and contrast.
