

Alice in soccerland

By:Juliana S.

Once upon a time...there was a girl named **Alice**.She was 10 years old and on EYO soccer team.One day she had a soccer tournament and the team was playing the **Red Hearts**.**Alice** was the goalie and when a ball came toward her,it hit **Alice** so hard that she fainted.

She woke up and found herself in a room with 5 different looking doors.On a table she saw a tiny soccer ball which resembled a snow globe.**Alice** winded the globe and she suddenly got smaller.**Alice** went to the small door.She turned the knob but it was locked.She looked up and saw a key on the table."Oh no,how will I get up there"she asked herself.Suddenly a **gatorade** drink appeared in front of her.She drank it all in one gulp!She grew bigger and bigger.**Alice** looked on the table and took the key and winded the soccer ball globe and just like that got smaller.**Alice** then unlocked the small door.

"Oh my"she cried.**Alice** had fallen out of a door and now skydiving in the air.She landed in a garden.There was a very big

caterpillar on a flower. He was singing a song about soccer balls. He gave Alice 2 of his medals and said "Here you can have them. Alice was so amazed that she kissed them. Suddenly she grew very big." "Oh no not again" she said. But, she did not turn small again, and walked ahead. She arrived at a giant castle. There were guards surrounding it. But instead of guards they were little "shin guards". They spotted Alice. She saw them look at her so she kissed one of the medals and turned small. The shin guards brought her inside the castle.

Sitting on the throne was a queen dressed in a soccer uniform. The queen wanted to be the best soccer player in the entire U.S. Alice said "I am the best soccer player. They argued until one of the shin guards said "Why don't you have a soccer tournament". Alice and the queen both agreed. They went on the soccer field and started playing. After a hour of playing the score was 3-3. Alice was by the goal when she looked for a corner to shoot in. But then the queen came up and hit Alice on the head. She fainted. Alice woke up on the sidelines of soccer game. Someone said "Yes she finally awakes". Alice looked around. Her parents said "You fainted on the soccer field". Alice wondered "But I was just in another world". She got back on the field to play "striker". Alice came up to the goal and shot in the last seconds. Alice made the shot. Her team WON!!!
