

The Evil Queens Past
(By Lydia L.)

*(An adaptation of Snow White And the 7
dwarfs)*

Snow white and the prince lived happily ever after..but what happened to the evil queen you might ask. Well, she got locked up in a dungeon in the castle of Snow White. In the past, she wasn't as evil as she sounded. It was one day when the evil queen was in this village. She fell madly in love with a boy that was named Mira. She one day figured out that he was trapped in a mirror by an evil witch who was known as the Enchantress. She bursted into tears and wanted to find a way to save him out of the mirror. There was a legend that was a spell called the Wishing spell. One day she figured out that Mira had fallen in love with a girl

named Snow White. She was furious and wanted to kill her. She tried many times to kill her but it all failed. She then one day she came to Snow white's house and asked her if she wanted to eat the apple. Snow white fell for the trick and ate the apple. Then the evil queen was on to her next plan. She was going to collect the items for the Wishing spell. Legend says that who ever collects the items will get any wish they wanted. The evil queen had to collect a slipper from Cinderella, a piece of hair from Rapunzel, a piece of Red riding hood's basket. It was a long journey for her. After she had collected all the items for the Wishing spell, she put all the items together and she had her wish, "free Mira from the mirror". When she freed him out, at the last moment, he died right in her arms. The evil queen then was arrested for making the crime for Snow white and the

*apple. Now here she is in the dungeon of the
basement. That is the story of the Evil Queen..*
