

Liv and Maddie

By Phoebe M.

These two characters are so similar but so different, one is sporty and one is fancy but they have the exact same face. You would definitely expect twins to look similar wouldn't you?

Liv will not leave the house no matter what without her hair done and heels on. But Maddie on the other hand doesn't matter what she is wearing, she throws on clothes and puts her hair in a ponytail then she is good to go. Liv has no glasses, and Maddie wears her signature blue glasses everyday.

As you may know Liv is an amazing singer and has had acting careers on Sing it Loud, Southern Hoops, and Voltage in the show. Maddie also has had a career in basketball and it's like basketball his her whole life in the show. Liv would rather stay in the audience to cheer people on and Maddie would rather be in it to win it!

I don't know if you have noticed but Liv and Maddie both have an extremely identical face. Well that's because they are the exact same

people, played by Dove Cameron. Also they are both related in the show and have the same brothers of course. They both also share a room and used to go to the same highschool.

Those are the similarities and differences between **Liv** and **Maddie**.
