

# ***Peppa Pig and George Pig.***

[ From Peppa Pig ]

By Sua C.

I have chosen Peppa Pig and George Pig from a kid's TV show from Nick Jr. to compare and contrast their: appearance, personality, actions/motives, and back-round family. Please Enjoy.

## ***Appearance***

Peppa Pig is about 2 years older than George. George and Peppa look very similar[other than genders]. But those 2 characters are very different too. Peppa always wears the same pink dress every single day [except on really special occasions]. George, on the other hand, wears the same blue [baby] jumpsuit every day. Both Peppa and George do not wear accessories[only when playing dress up], wear black shoes when the weather is very nice, have no hair at all, and wear rain boots and raincoat when outside is very wet and/or raining.

## Personality

The first thing you would think if you saw or met Peppa and George you would probably think that Peppa is a young hyper child and for George too. Peppa and George are not that hyper. Peppa and George have a lot of friends. Peppa made friends at school and George's friends are mostly Peppa's friend's younger siblings like Peppa and George. Since Peppa is older than

George, she knows most of the things around her but George has a lot of

curiosity. Although Peppa and George are a kid and a toddler growing up, they are scared of thunder but pleased in the winter when it snows.

## **Actions and Motives**

Peppa and George are both pigs. So they really enjoy jumping in the mud after it rains and leaves an enormous puddle of mud. In the Personality's paragraph, I said that Peppa knows most of the things around her. But not everything. Peppa has the curiosity of astonishing things she never saw but George has WAYYYYY more curiosity because George does not go to school. Also because they both are kids. George says the same thing over and over 'cause he wants to know why those things there and why and why and why. Peppa likes to sing because at school her teacher tells her to sing. But also for fun when she has time.

## **Background Family**

Since Peppa and George are siblings, they live with the same people. Peppa and George live with Mommy Pig, Daddy Pig, and

Peppa or George. The Pig Family likes to go on road trips, watch TV, go play with friends, having fun on the playground, building a snowman in the snow, dance to music, going to party's, camping out in nature, and jump in puddles of mud altogether.

## Conclusion

You have read all about Peppa and George Pig's appearance, personality, actions/motives, back-round family, similarities, and differences.

***The End.***
